

HEAD OF HOSPITAL TO BE SELECTED

Lively Contest Brewing Over Successor to Dr. Brunk at Williamsburg.

ANNUAL REPORT IS ISSUED

General Sale Liberally Illustrates Publication of His Last Year's Work.

All of the four superintendents of State hospitals for the insane and a superintendent for the newly established epileptic colony, near Lynchburg, will be elected at the quadrennial meeting of the general board of directors of hospitals for the insane, to be held in Lynchburg on April 19. The elections will be for a term of four years.

It is regarded as certain that Dr. W. F. Dreyer, superintendent of the Central Hospital, at Petersburg; Dr. J. C. King, of the Southwestern, at Marion, and Dr. J. S. DeJarette, of the Western, at Staunton, will be re-elected. They have no opposition, nor is any likely.

Apparently Dr. A. S. Priddy will be made superintendent of the State epileptic colony. He has for some time been acting superintendent, supervising the construction of the buildings, and within the last few weeks has been managing the affairs of the institution, which is now open for the reception of epileptics. It is stated that the members of the board desire to retain his services permanently. Dr. Priddy, who is a citizen of Charlotte county, was formerly superintendent of the Southwestern Hospital, at Marion, retaining that position until his departure last July from typhoid and his long convalescence caused his resignation. He was formerly a member of the State Senate.

The real fight of the coming meeting will be the election of a superintendent for the Eastern Hospital, at Williamsburg, to succeed Dr. O. C. Brunk, who has resigned, and who is awaiting the choice of his successor, to retire. Several names have been suggested, and friends of numerous physicians and alienists have been seen members of the board in connection with the appointment. State Hospital Commissioner J. M. Bauserman, of Shenandoah, who was at the Capitol yesterday, could throw no light on the probable successful man, saying his impression was

A Valuable Suggestion Important to Everyone

It is now conceded by physicians that the kidneys should have more attention, as they control the other organs to a remarkable degree and do a tremendous amount of work in removing the poisons and waste matter from the system by filtering the blood.

During the winter months especially, when we live an indoor life, the kidneys should receive some assistance when needed, as we take less exercise, drink less water, and often eat more rich, heavy food, thereby forcing the kidneys to do more work than Nature intended. Evidence of kidney trouble, such as lame back, inability to hold urine, smarting or burning, brick-dust or sediment, sallow complexion, rheumatism, may be weak or irregular heart action, warns you that your kidneys require help immediately to avoid more serious trouble.

An herbal medicine containing no minerals or opiates has the most healing influence. An ideal herbal compound that has had most remarkable success as a kidney and bladder remedy is Dr. Kilmer's Swamp-Root.

You may receive a sample bottle of Swamp-Root by mail, absolutely free. Address: Dr. Kilmer, & Co., Binghamton, N. Y., and mention the Richmond Daily Times-Dispatch.

REPORT ILLUSTRATED

Pictures Adorn Adjutant-General's Annual Publication.

Illustrations form a pleasing and conspicuous addition to the annual report of Adjutant-General W. W. Sale, issued yesterday. There are numerous full page pictures, showing various armories throughout the State. There are also group pictures of various parts of the Virginia encampment at Gettysburg last July, and of soldiers' camp of instruction at Petersburg last May.

The report contains 232 printed pages. It was reviewed in The Times-Dispatch at the time of its transmission to the Governor, several months since.

CATTLE FOUND CLEAN

Many Virginia Herds Free From Tuberculosis Infection.

Of the last 150 cattle tested for tuberculosis under the direction of the State Dairy and Food Department, there has been not a single reaction. Commissioner Saunders is much pleased with this record, as indicating the general freedom in this State from tubercular infection. A herd was tested at Burkeville on Saturday, while other tests are now in progress in different parts of the State.

It is recognized as a critical moment when a cattle owner decides to have his herd examined. Naturally, he hesitates, fearing the loss which would ensue from a large amount of infection in his cows. Besides, it is something he can have no warning, for the disease creeps in, in a variety of ways. However, it is being more generally realized that there is no escape from the conclusion. While the test is not compulsory, many stock-raisers and dairymen are voluntarily taking advantage of it.

When no reactions occur, there is no expense to the State, as the costs of the inspection are borne by the National Department of Agriculture. Only when cattle are condemned is the State called upon to pay part of the loss. Therefore, the more cattle found free of infection, the longer the small appropriation made by the last Legislature will last.

WORDS ARE TOO FEEBLE

To Express Mrs. Stalling's Gratitude, for the Good that Cardui Did to Her

Wills Point, Tex.—"I sure would have died," writes Mrs. Victoria Stallings, of the above place, "if I had not gotten relief by the use of Cardui, as I did. I did not recover from my confinement as I should, so my mother, Mrs. H. A. Lee, advised me to take Cardui, and after taking half a bottle I was soon all right."

"Before taking Cardui I had a dreadful cough and suffered awful pains, but now I am stronger and in better health than I ever was in my life."

"I cannot say half enough in regard to its merits. Words are too feeble to express our gratitude for this great medicine."

"You can tell the world what Cardui did for me. I advise all suffering ladies to try it."

Once given a thorough trial, Cardui will always remain the preferred, standard remedy for all the ills that afflict women—the tonic to use when new strength is needed to build up the weary body and nerves.

Prepared from perfectly harmless vegetable ingredients, containing no mineral drugs, no glycerin or other possibly deleterious ingredients, Cardui is the best remedy for you to use, since it can do you nothing but good.

Thousands of ladies have regained their health as a result of taking Cardui. Why not you?

To the Radium Spray Co.: It is with pleasure that I can recommend your spray for killing bugs and insects. I have used hundreds of other remedies with no good results. One good application in spring clears the house of all vermin for the whole season.

COUNTY TAX LEVY CUT FIVE CENTS

Board of Supervisors Makes Reduction From 40 to 35 Cents.

Increased assessment of property values yesterday led the Board of Supervisors of Henrico county, at a special session, to reduce the general tax levy 5 cents, bringing it from 40 to 35 cents on the \$100. The income assessment on county schools was also reduced 5 cents, the new rate being fixed at 10 cents on each \$100.

The district school tax was fixed as follows:

Varina—15 cents; no change.
Fairfield—25 cents; no change.
Brookland—22 cents; reduction of 3 cents.
Tuckahoe—10 cents; reduction of 2 cents.

Highland Park—40 cents; no change. Being under the impression that the cut would not be less than 10 cents, some of the citizens of the county are disappointed at the 5 cents reduction by the supervisors, but nevertheless all are elated over the lower rate.

LEADING FIGURE TO LEAVE SENATE

Retirement of Senator Keezell Regarded as Important Political Event.

A great deal of interest was aroused locally yesterday by the announcement from Harrisonburg of the candidacy of Senator George B. Keezell for the trusteeship of Rockingham county, an office which he is now filling by appointment for an unexpired term. This determination on the part of the Senator removes from the General Assembly one of its foremost figures.

For the greater part of the time during the past thirty years Senator Keezell, universally regarded as big in brain as he is in body, had been a member of the Legislature. For years he has been chairman of the Finance Committee of the Senate, and as such has wielded tremendous power. He has the financial affairs of the State at his fingers' end, and always keeping in touch with the situation.

Recently there have been rumors that he would perhaps be a candidate for the office of Auditor of Public Accounts, but this he denied last week.
